

EX Series Secure WAN Manager License Acknowledgments

November 3, 2006

Legal Notices

Copyright 2005, A10 Networks, Inc. All rights reserved.

A10 Networks, Inc. (A10) believes the information it furnishes to be accurate and reliable. However, A10 assumes no responsibility for the use of this information, nor any infringement of patents or other rights of third parties which may result from its use. No license is granted by implication or otherwise under any patent, copyright, or other intellectual property right of A10 Networks except as specifically described by applicable licenses. A10 reserves the right to change specifications at any time without notice.

Trademarks

A10 Networks, the A10 logo, EX Series Secure WAN Manager™ and IDSentrie™ are registered trademarks or trademarks of A10 Networks, Inc. in the U.S. and certain other countries. All other trademarks mentioned in this document are the property of their respective owners. A10 Networks' trademarks may not be used in connection with any product or service except as permitted in writing by A10 Networks.

Patents

This product protected by US patents that are pending.

Export Regulation Notice

This product may include cryptographic software. Under the Export Administration Act, the United States government may consider it a criminal offense to export this product to certain countries from the United States.

Export Warning

This is a Class A product. In a domestic environment this product may cause radio interference in which case the user may be required to take adequate measures.

FCC Compliance

This equipment generates, uses, and may emit radio frequency energy. The equipment has been type tested and found to comply with the limits for a Class A digital device pursuant to Part 15 of FCC rules, which are designed to provide reasonable protection against such radio frequency interference.

Operation of this equipment in a residential area may cause interference, in which case the user at his or her own expense will be required to take whatever measures may be required to correct the interference. Any modifications to this device, unless expressly approved by the manufacturer, can void the user's authority to operate this equipment under part 15 of the FCC rules.

Standards Compliance

The product conforms to ANSI/UL standard.

License and Open Source Acknowledgments

A10 Networks Inc. acknowledgement of Linux 2.6.14 kernel, open source GPL, and other open source licensing based on program entity, file entity, user entity and any other types and variations of licensing whatsoever either explicitly or implicitly implied in the following acknowledgement list.
